Resend:

John - attached is the DOT waiver for your records. Mr. Winningham wanted to make sure you are aware that if you need any assistance on shipping the waste material, they have Hazmat Techs that can come out and help find solutions.

I probably have them, but can you send me the addresses to all the pads?

Bryant

Bryant

Thanks for taking my call and responding back.

I have attached the EPA Emergency Waiver Order to this e-mail.

If you have any questions or concerns about the waiver you can always contact me direct, however, I will give you our Houston Regional Office information below.

PHMSA Hazardous Materials Safety
Southwest Region Office
8701 S. Gessner Road, Suite 900
Houston, TX 77074
713-272-2820
713-272-2821 (Fax)

Thanks for the information on how the HAZMAT Staging Pads are set up and I would be interested in those exact locations if possible in the event we needed to send a representative to them for assistance. Obviously we would check in through the incident command and coordinate through you as necessary.

I look forward to working with you on this recovery effort and in the future if necessary.

THX

Respectfully,

Norm Winningham

Mr. Smalley

When you have a chance I would like to discuss with you how we may be of assistance to you regarding HAZMAT reclamation from the Hurricane Harvey response efforts.

As you may be well aware, our agency has issued the EPA a HAZMAT

transportation waiver for the response and I would like to extend our contact information to you if you may require any further assistance.

If you get time, please feel free to call me on my mobile.

Respectfully,

Norm Winningham
